

MIAMI BEACH

OFFICE OF THE CITY MANAGER
LTC # 156-2006

LETTER TO COMMISSION

To: Mayor David Dermer and Members of the City Commission

From: Jorge M. Gonzalez, City Manager

Date: June 9, 2006

Subject: **Evaluation Committee Related to RFP 16-05/06 for Emergency Debris Monitoring Services for the City of Miami Beach**

The purpose of this LTC is to update the Mayor and City Commission on Request for Proposals (RFP) No. 16-05/06, which seeks responses from firms to provide Emergency Debris Monitoring Services.

In order for the City of Miami Beach to receive assistance for disaster debris removal from FEMA the City must implement a debris removal monitoring service. Monitoring of debris removal and disposal activities is a critical component in successful debris operations and in the justification and documentation of any application for FEMA Public Assistance funding. The responsibility of the selected firm(s) will be to deploy trained monitors to observe and document debris removal and disposal activities.

I am considering appointing the following individuals to serve on the Evaluation Committee on the above subject RFP:

- Fernando Vazquez, City Engineer
- James Sutter, Internal Auditor
- Cliff Leonard, Risk Manager
- Alberto Zamora, Sanitation Director
- Jackie Fernandes, Middle Beach Resident, and Neighborhood Leadership Academy Graduate
- Gisenia Gonzalez, South Beach Resident, and Neighborhood Leadership Academy Graduate
- Suzanne Stolar, South Beach Resident, and Neighborhood Leadership Academy Graduate

I would appreciate your comments and/or suggestions by Monday, June 16, 2006.

Thank you.
